Total Cost:		\$ 66.95		Tax	8.25%	\$ 5.10
Balance:		\$ 21.05		Total after Tax		\$ 66.65

Quantity X Cost

Add G4 -->G14

Total X 8.25% --> .0825

Tax + Total

If You divide the Balance by the Number of People attending, how much money will each person receive in return?

Even Amount each Person is Receiving:

\$ 1.91

Total - Total Cost = Balance

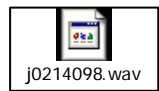

Balance/11 = Equal amount each person is receiving
